Subject:    Sargent Hardware Preferred Manufacturer for Exterior Electronic Security Double Doors

During the 2015 Budget Workshop, Commissioner's Court discussed the requested sliding doors for the Administration Building and decided instead to replace the existing door panic exit devices and change the Pedimat carpet to Ceramic tile. As part of the discussion it was determined that the Sargent panic exit devices at the Courthouse were performing well and that we wished to continue using that manufacturer in this situation.

I am requesting that Sargent panic exit devices be designated as the Preferred Manufacturer supplier for Exterior Electronic Security Double Doors. This Preferred Manufacturer designation is limited to Exterior Double Doors with electronic badge reader locking devices on all County buildings.

Attached is the previously approved Preferred Manufacturer list with Sargent added for Exterior Double doors with electronic badge reader locking devices only.

Thank you for your consideration
